Subject: Where to get kits Posted by Newjack on Fri, 15 Mar 2019 05:40:47 GMT View Forum Message <> Reply to Message

So, as an extension to my last thread, I'm wondering where you guys get your kits from. I've been perusing Google and have found a TON of stuff, but so many options kind of paralyzes me from having too many things to choose from. :lol: Figured I'd ask you guys for your input seeing as you seem to really know your stuff.
