He's sort of famous! I met him at Jonathan's '04 Tasting. He brought(among other stuff), a nice PP EL84 amp. He's one of the folks I'd recommend w/o hesitation. I did suggest that he wasn't charging enough for his gear.I think I'll see if I can't get him to upgrade his line to a big PP 300B kit, or perhaps an E-Linear EL34/6550. Good to see a means of contacting him!regards,Douglas
