Augustus wrote on Thu, 11 April 2019 23:24I thought my smart T.V. was great until last week when Sony and Google took over my television to show me ads. It's been a hassle dealing with it. I've decided to replace my smart television with a "dumb" model of some sort.
Smart enough to annoy you then? I call that smart a**. :)

I guess you can turn off your internet connection while watching through your smart TV and that will stop the ads from appearing. So what did you do with your smart TV after replacing it with the dumb one?
