Subject: Re: DIY audio gear vs. visual gear Posted by Malfoy on Wed, 03 Jul 2019 02:01:50 GMT View Forum Message <> Reply to Message

We can "try" fixing our TV by tapping the back part of the TV. :d

Jesting aside, YouTube is a great source for DIY tutorials. If the TV or projector is still under warranty, then have the TV returned to the manufacturer. Otherwise, we can repair it, but sometimes the result is not what we expect.
