I remember Prospect. It was in theaters here, but I think it was a limited release and wasn't very popular. That's a shame because it was a good movie intersecting several genres: sci-fi, coming-of-age, western, and action-adventure. I hated Damon! What a jerk. Out of all the neglectful parents in movies, he seemed like one of the worst. I felt for Cee when he died though. Did you watch the 2014 short film too? It isn't a must-see or anything but it was good storytelling done in 15 minutes or so.
