drake wrote on Thu, 23 May 2019 12:51The podcast industry keeps growing each day and its popularity has also risen over time. It is a much more reliable medium for people to speak their mind and probably earn a few bucks over time. I came across the link below and figured out that it isn't something so easy to venture into.

https://www.adorama.com/alc/podcast-equipment-everything-you-need-to-build-your-studio
Thank you for the link, that is very useful information.

I was listening to a podcast one day though and I doubt that guy had even half the equipment shown on that site. It sounded like he was recording form his car.
