Lark wrote on Sat, 11 March 2017 17:39 I find that some songs sound so much more romantic when I'm in love than they do when I'm not. Right now if I had to pick one it would be 'All of me' by John Legend.
That's a good song. Romance to me though, covers it all.

If you're in love a romantic song can compliment that.

If you're not, it can help you dream of how it could be.

If you loved and lost, it can help you feel that you're not alone in that space.

Martha, another old Tom Waits tune, does that better than anything I have ever heard. If you're an old softie it will get to you.
