I'm a fan of that one too, especially the track "Playing the Game." I only have the anniversary release that came out in the early aughts instead of the original. You're the first person I've seen mention the group. I've tried getting friends into their music, but they've all balked and called it weird. No weirder than Pink Floyd or Linkin Park in my opinion. It's been a few months since I pulled their music out. I think I'll listen to it now.

@Madison No judgment, but I'm surprised by the choice.
