Subject: Re: Self Isolation Posted by Rusty on Thu, 23 Apr 2020 14:46:30 GMT View Forum Message <> Reply to Message

Seems these days. Even a national/worldwide disaster is politicized. We can't even agree how to prolong and defend against a dispassionate, uncomprehending enemy. People with the training and knowledge are discounted in favor of conspiratorial wisdom. And factions align along familiar political lines. Maybe this familiarity is comforting in the face of fear and insecurity. Now's a time when leadership is needed to be understanding and consistant.
