Can you imagine how someone from that era would be perplexed with our language of today? How would they interpret, "Yo dog, wassup?" Anyway, part of my problem was due to the lousy fidelity of my newish smart tv speakers. Since the covid lockdown, I've shelved my quest to find a decent soundbar for the smart tele. You might catch on with the Shakespeareian dialect better than I could. Give a review, good or bad if you watch it.
