Subject: Re: Finish up a pair of 4pis Posted by Jensen on Sun, 17 May 2020 13:59:24 GMT View Forum Message <> Reply to Message

That's a bold and inaccurate statement, but thank you! They are loaded with the DE250 and JBL 2226H. I couldn't be happier with the sound. I don't believe there is a substitute for large drivers moving large amounts of air, regardless of the frequency. Fun project too.
