Lost the Remote wrote on Wed, 07 October 2020 10:41It depends on the genre. I expect most bands to play live, except for electronic groups. I don't think it's possible for most of them to create their sound live. They use too many gimmicks.
I can never tell whether those groups are playing live music and singing live or not. Not unless there's some big mistake, like pretending to sing into the mic when the music has already stopped or something.
