Madison wrote on Thu, 21 January 2021 19:27 Sometimes it takes a while for the wireless capabilities to sync up. Or maybe there was a silent software update on your device that made it work. Don't you wish you knew so you could replicate it in the future? Yep.
Yeah, you're right. Maybe it was the syncing capabilities that made it work after a while because I remember restarting it many times before keeping it someplace. I guess it's better to look it up, thanks!
