Hi Wayne,

I could really use a trip to Texas for the audio bruhaha. It's been a long year being cooped up in the house and a weekend of music, audio, food and crazy people would really do the trick.

Unfortunately Sue and I both have medical conditions that will keep us isolating for a while longer. We're hoping things lighten up by fall.

No idea who the lucky person was to get those 4 pi's but Mike does amazing work. I'd love to see them in person.
