Tweeters are on their way. I will be using B&C DE250. I have a question about Zobel resistor. Does it have to be non-inductive type? Will something like [https://eu.mouser.com/datasheet/2/303/HS\\_Datasheet3-779273.pdf](https://eu.mouser.com/datasheet/2/303/HS_Datasheet3-779273.pdf) do?
