Thanks Wayne. sure, that would be great. let me know what I need to do.

As for the older horn, I figured somebody here might have one left from an unfinished project, like me. doesn't hurt to ask.

FWIW: I have a bunch of NOS Motorola/CTS tweeters from the old Studio 1/2 days... I would be happy to trade a pair of those for a matching H290.

Also, I have a pair of H295s... not sure why I got these, but I have no use for them and it seems Eminence no longer makes them...
