For any legitamate experimenter, I offer any support that is asked for. Mike does not fall into any category I'd care to support. If you think his action legitamate, honest, or genuine I suggest you look a bit deeper...I helped him once, and he has taken up a Stalinist, revisionist position on admitting it. It is no big deal, yet he choses to make it one. I'd rather have helped Uncle Joe, it would have been safer and more profitable for the world as a whole.You are of course welcome to your opinion, and I look forward to discussing it with you.cheers,Douglas
