Subject: 4Pi Plans & a question Posted by suddenko on Wed, 07 Sep 2022 11:36:26 GMT View Forum Message <> Reply to Message

Hi Wayne, huge fan of your work. I would love a set of 4pi plans.

Also a question. Have you explored the option of lining the enclosure with sheet lead to absorb standing waves? Seems a couple of guys do this to their high end models.

Thanks.
