Subject: Re: The State of Hi Fi Posted by smartt on Sun, 06 Nov 2022 18:09:25 GMT View Forum Message <> Reply to Message

What I think is true, back in the 1970s and 1980s it was normal for young guys and older guys to possess hifi systems. My friends and I all had hifi systems. But back in the 1960s all we had was a junk all in one phonograph. The sound was bad. How times have changed. Long live our hifi because we like good sound.
