It reminded me of Meet the Fockers. I thought it was funny and had a great time with my family, so it wasn't a wasted trip by any means, but the films are eerily similar. Maybe it's because of Robert De Niro.

I don't know much about Kim Cattrall, but my wife is a fan, and she felt like you did, Madison. I guess all Hollywood stars are fighting the effects of aging for as long as possible. Sometimes it turns out okay, but often it just looks fake.
