Loved the music....some truly great performances. Fine example of Eric Clapton's oh-so-fluid guitar playing and how about Van Morrison's voice. The production was first rate. Hated the interview segments....nothing worthwhile was said and RR had 10 times the face time of the other band members.I would like to check out Nora Jones video. Got the new Little Feat DVD on the the way. They are one of the absolute best live bands so it should be a kick.Thanks,Rob
