I have the Dreamweaver album on vinyl. It really is the right way to play the songs, "Dreamweaver" and "Love is Alive." It just feels right.

You mentioned "dreamy" songs and, I agree, "Dreamweaver" was sort of surreal. Same thing with Manfred Mann's "Blinded by the Light." That's another album that must be played on vinyl - "The Roaring Silence." The song right after "Blinded by the Light" is dreamy too.
