As usual, I'm the contrarian here. I'm sorry for the latest breakout of violence. Our world just can't seem to get along together. Israel is considered by the UN as an apartheid state. Their blockade will now be cutting off everything, including food and water, electricity. That's medieval. They've been squeezing the Palestinians since the formation of Israel. Taking their land and means to make a living. Like the Irish in Northern Ireland, this fight is portrayed as a religious war. But both examples determined as stemming from colonialism. Occupy, take, grab. Like we did to the American Indians.

I'll pray it all ends soon for the sake of killing on both sides. Just like in Ukraine.
