gofar99 wrote on Fri, 03 November 2023 20:58Hi, I agree. It is amazing how things can get screwed up over time.

True words Gofar. I have a link to a video YouTube where a salesman is using Push Pull Class B operation to claim, and misrepresent how Push Pull Class AB1 works.

When presented with the correct information, he simply ignored it, still using the same misleading video information 8 months later.

Amazing how some can misrepresent audio to push their agenda.

cheers
