1) Open Paint  
2) Open PSUD  
3) In PSUD, do the simulation  
4) Hit ALT+Print Screen, at the same time. This puts the screen shot on the virtual clipboard.  
5) Switch to paint  
6) Click on the Paint canvas  
7) Under "edit" click paste  
8) The screen shot should be on the screen. If screen shot is not on the screen, turn off "Num Lock" on numeric pad and repeat from step 4.  
9) Once picture is on screen save and upload
