What a cool album cover!

Good catch to resurrect this thread.

Right now, I'm listening to Steely Dan, Aja.

I made a 2024 mix tape - cassette - that has a lot of heartfelt songs about loss. Stuff from Coldplay and some from Genesis. Deep and meaningful stuff. But I intermixed in some fun and lively - quirky, actually - music from the Cars, the B-52s and Tubeway Army, all from the late 70s and 80s.

It's an eclectic mix that ebbs and wanes emotionally. Perfect for describing 2024 for me. Been listening to it in my Impala.
