I find this video very telling of what the Palestinian position is all about. The leader of Hamas, Yahya Sinwar, was killed yesterday in Gaza. Described as the planner of the Oct 7th breakout of Palestinian forces into Israel. Israel rejoices but the Palestinian cause will not diminish any. They are a ragtag resistance to colonialism of the land that Palestinians have occupied for thousands of years. Like America was colonized, Canada, South Africa, Australia and more. The populations indigenous in every instance are marginalized, terrorized, sequestered and cordoned off from the colonized group.

If not for the United States and Great Britain. This ordeal would not have happened. But now the role the US is sustaining shows the depravity of colonization. As the Israeli's want a purity of their supposed religious prophecy. They have taken the saying, "A people without a land for a land 'without' people" literally. And are carrying out genocide at this point with the Palestinians. Yahya Sinwar speaks out to this in a video months prior to his death. And he speaks as clear as can be said of why they resist. Wouldn't we in their same position?
