And to further back up what Ben Norton is slinging. A follow up to show how our billionaire oligarchy is influencing our policy making under the new administration. We are a financialized capitalist economy nowadays. No doubt about it. And our means to influence our national interests around the world now is with threats. Do our bidding or this will happen to you. We're deindustrialized, our cost of living is too high to reinvigorate industry. And now even our advantage with technology is countered making it uncompetitive. Our oligarchy want's a monopolized system of monetary return that is in jeopardy. This AI conundrum shows how we roll. And its got square wheels.
