No doubt! Emiko is really cookin' with gas, isn't she? Love that gal!

About Ken's Boston Audio Society interview - I'll be sure to post a link to that in the Pi Speakers forum.

Jason (JTWrace) also has me scheduled for an interview on his Intellectual People's Podcast, and I'm sure he'll announce that here, along with a link. I'll make sure that link goes into the Pi Speakers forum too.
