We'll have a list of exhibitors and their rooms posted soon. And a list of events and seminars, dates and times. So keep a watch here in this thread, or on the LoneStarAudiofest.com website. Info will be posted in both places.

In the meantime, I wanted to pass this information along. If you don't already have tickets to the show, don't sweat it. Pricing at the door is more than reasonable. Especially when you consider that parking costs $15 but the ticket makes parking free. So it's literally no extra cost. Here are the rates at the door:

LSAF 2025 Admission Prices $15.00 at the door
Use this code [ATX5] to get 5 bucks off
Over 14, high school and college students with ID get 5 bucks off
14 and under free, with an adult
Military service people are free with proof of service.
