Audio Crafters Guild and PureArtFi (Room 217)

Norman Tracy of Audio Crafters Guild is another LSAF alumni, having been at every show since 2005. His electronics are always excellent.

One thing I've noticed about ACG equipment is the aesthetics are getting really good. The sound and build quality have always been great, but the equipment is more attractive than it used to be. And with the addition of PureArtFi speakers, the total package now is just stunning!
