Oh heavens, you didn't stress me! I really felt badly for not doing that sooner!

Honestly, my being busy is a happy thing. I have lots of fun projects on my plate. It's just that I'm more used to doing one at a time and doing it obsessively. Now days, I have several and I can only give a few minutes a day to each one. But that's OK.

Thanks Wayne. A man after my own heart. When it is fun, it is not work.

Cheers and long live the fun.
