Dropuc wrote on Tue, 05 July 2022 08:03The Gods Must Be Crazy is an old comedy movie about the strangeness of a bushman's life and modern civilization that recently shook my ribs so hard. I have watched others, but in between, I've returned to it to shake the world off my shoulder. I mean to recommend it anytime! :lol:

I watched this movie as many times possible because it made my day whenever I watch it. It was very funny but it was a great movie with lots of lessons to learnt from. I have also recommended the movie to my friends to also have their laughs too.
