Prince wrote on Fri, 03 October 2025 12:23 I prefer listening to Podcasts instead of watching them. I do that most of the time when I am on the move as it is a good way to stay focused while avoiding other distractions. That's why I've really focused on listening instead of watching. Well, that's a choice, but I am more focused on watching podcasts. I watch more music podcasts and sometimes about movie stars and that is not listening to it would do justice to all.
