I met different artist as they performed on the stage. I need to create time to experience the feelings again.

This is awesome to read. Which one was the last one that you attended and how was your experience?

It was Adele - live at the O2 and also the show at Hyde Park shows that I have the opportunity to go to and also the Beatles concerts but can remember the year.

Going to Adele's music concerts with my girlfriend those years was a thing of joy. It helped us bond better and became an opportunity to relax from the stress for the period.
