TheWanderer wrote on Tue, 23 April 2019 23:58I mainly listen to music but enjoy listening to talk radio now and again if the subject matter is interesting enough. I particularly enjoy the call-in portions of the show. The callers are rather...eccentric!

I'm interested in listening to music too. I can only listen to talk radio when I started finding the music boring, sticking to the end of the talk show if the subject matter is very interesting and light. Sometimes, the call-in portions wasn't in my list at all.
