That sounds so interesting! I’m always looking for something new to listen to while I’m doing things around the house, and I love when a podcast actually teaches me something I thought I already knew. I’m not the biggest Stones expert but the idea of hearing those old interview clips from the Exile era sounds really fun.

Thanks for sharing this — I’m going to look it up on PodBeam later. It’s nice finding something fresh to dive into in the middle of all my daily chaos.
