Happy New Year Wayne and everyone on the community

I'm sure everyone had a happy and fun holiday season.

I spent New Year's Eve the way I cherished it - quietly at home with a cup of coffee, while the turntable kept spinning some of my old favourites.

Had no parties, no loud music, just cool music and the soft glow of the tubes.

It was certainly a beautiful way to say goodbye to 2025 and a warm welcome to 2026.

I wish everyone good health, quality sound and many beautiful hours of listening to great songs this year.

How did everyone celebrate the holidays?
