Becky wrote on Sat, 04 October 2025 13:22 The only movies that made me to be afraid of the dark was The Nun and Annabelle. I wasn't more afraid when I watched The Nun but the scariest moment I had was Annabelle. The baby doll was too scary as it moves with it's speed.

The day that I watched the Nun and Annabelle, I was scared to sleep alone in my room. It took my mom agreeing to come inside the room where I sleep before I was able to catch sleep. That movie was so scary that it even made avoid anywhere that is dark.
