Leot55 wrote on Fri, 27 August 2021 10:58I have always thought of the Genelec brand as being a staple of the professional industry, so I'm not familiar with their home theater system equipment.

I'm sure it's superb, as the brand has a stellar rep.

I don't have their home theater at home, but I've got a friend, Daniel, who does and I must say I've been impressed by the performance of the home theater any time that I visited him. It is certainly a brand that I will consider if I am to get a new home theater any time soon.
