It's a Sundazed re-issue, \$14.95 from Acoustic Sounds, the master-packers of LPs. I never really sought it out at record shows but seldom came across one, certainly not the original mono mix, and they're usually as trashed as the prior owners:-) I had a taste for it last week and a pretty good commission check off a big kitchen remodel so I ordered it. Carmine Appice is, without a doubt, one of the greatest rock drummers ever and currently one of the best known teachers and proselytizers of rock 'n roll drumming.
