Wayne, Well it finally happened! My wife says it is time to retire the "too large" Theater 4s and go to a smaller speaker. So I say "I know of just the one! - the new 4 Pi! For now, I'm going to have to build it with the Omega 15 unless you know of someone who wants to get rid of a pair of JBLs for the same cost (I know, lots of luck!) So, could you please send me the plans for the new 4 Pi? Much appreciated!Garland

Ask about 2226s on the lansing heritage forum, maybe somebody has some left over from the JBL garage sale or similar deal.
