This is a prequel to the David Lynch T.V. series Twin Peaks. Its The Odd Lynch style I've come to cherish, It tells the Story of Laura the week before shes murdered, starting the T.V. series. Again another fairly "graphic" moive. But very different from the main stream movies.

I don't know why, but I never could sit through the Twin Peaks series.

Another Cult. One of the better Lynch films, and his "classic" motive - bizzare and misterious happenings/characters, where drugs`n violence are just the tip of the iceberg of some unknown EVIL no-one can understand.

Well this movie explains the series and the unkown evil in much better terms. "Bob's" mask is reunveiled and explained as much as Lynch explains anything I suppose..
