good call Wayne on getting these new sponsor forums.  I've never heard of most of them before and I love "new".  flip side though is now I want to build a pair of tuba 24's and another project is the last thing I need :( .  Love the french site to!

Subject: That and the 25,000th post prize

Hi Craig,I'm very pleased with all the sponsors, old and new.  There's a fine bunch of folks here, and they all bring something interesting to the table.  I think Colin's donation of the Woodstock half-speed master box set is bringing in a few people too, getting some of the lurkers interested in making a comment or two.  The 25,000th post thing is kind of fun.  Might have to make a habit of it.Wayne
