This was an excellent movie. It's got the "boy girl issues" thing going on and it's cool. Lots of action and good shots of Angelina bustin' out..

So; what exactly is the Boy Girl Issues thing? You mean romance?

So that's your perception of the Man Woman Thing? If so I'm sorry to hear that.

I do not know how you arrived at that train of thought. What I said was "BOY GIRL ISSUES" not thing. To me a relationship is not fully entailed in the disagreements that fall under the ISSUES umbrella, but is comprised of how you deal with SAID ISSUES and maybe mostly the chemistry between the two in the relationship. So please reread and reevaluate what is at least I was trying

to say. And I'll try to work at my way of stating things in "clearer" english.

My mistake. When I asked what you meant by Boy Girl Issues you replied .."No I mean arguing lying so on." I was joshing you when I asked if that is how you percieve relationships. Please accept my apology if that was misunderstood. If you read it back it does kind of look like that though. Don't get me wrong; those things do go on.
