I Guess not.You'll have to forgive me I have a lot of interests and education is one of them so maybe I go overboard discussing it but I find it informative. Your the only guy I have spoken to who homeschools for reasons other than religion.

Manual my friend, the next couple of days is pretty hectic for me. You haven't gone overboard. I'll try to respond if I can. Keeping in mind I am far from a home school expert. As I said, feel free to ask me what you want. If I can I will give you my opinion. Just give me some time.
