It was on the news for a couple hours yesterday. They are competing for some Religous reasons; or territory maybe. The story broke early yesterday morning but I guess the powers that be had it squashed because it doesn't appear in todays Newsday. Maybe the Times Has it.A couple were killed. I geuss they are preparing for the civil war if we ever leave. Man that is gonna be nasty. Saudi Arabia is contracting to build a 500 mile fence between Iraq and themmselves. I guess they see it coming. The contractors that should be building the fence between the U.S. and Mexico will probably get the bid.
