This place is about as exciting as watching paint dry. Where the heck is the tower? Got an email about it but no link.

Jeez, Suz, the best parties are where you're hangin' out doing fun stuff with your buddies. So if you have any good stuff, do tell!This is a brand-new website, but give it time for word to spread and search engines to catalog. Even now, it's a hell of a lot better place than hanging out with the yo-yos in the loonie bin, as I'm sure you'll agree.Oh, and by the way, a link to the Tower is on the main page.

I like reviewers. They have a job to do like the rest of us. If you cant take bad press with good press then your just too arrogant to make any improvements! Cant please everyone anyway. Your gonna need a lota fossil fuel to get things fired up around here. Did you fly to Vegas? I heard the airport tich busy after the show.Bill
