There's such a community of fawning sycophants, it’s utterly beyond my comprehension. It’s rather like a Sadaam Insane sort of thing – by soliciting a convivial response from the Enfant Terrible, they prove their mettle and improve their self image.Fuckin’ nuts.

Yeah, that guy always cracks me up. Mike Bates is real tight with Rod Morris and has posted some real gems as Magnetar, buddy, your buddy, speakerfag69, and who knows what all else. He's banned here, but he keeps keeps coming back anyway. If you see a very offensive post, do a traceroute of the IP address and chances are you'll find it's his post from an Akron, Ohio account. A real treasure, that guy.

I went to that guys house for 'ears and beers' and couldn't wait to get out of there. He was a dick and his speakers sounded like shit. Total asshole.

Subject: Truthfully, I’ve wondered about that.

People on the net can be like people behind the wheel of a car. The nicest guy can turn into a raging lunatic. Not to mention the difficulty in trying to communicate an idea clearly in writing – misunderstandings happen all the time.But your post seems to confirm that you can tell this book by its cover.

Funny, Akron is where Alcoholics Anonymous (AA) was founded.Maybe someone should introduce "your buddy" to the program.
