Dig this. A chick named "Kat Giantis" wrote a scathing "review" of Ashley Olsen's appearance. You remember the Olsen twins, cute little girls that have now they're grown up to be very pretty young ladies.So what's wrong with her appearance, Kat? Could maybe your name "Giantis" be a clue? Are the real reasons for your comments that you're a fat jealous bitch? I checked my E-Mail this morning and found the link below on MSN. I laughed so hard I just had to take a moment to write this post.

What a review, I didn't even really notice her purse and shoes. And as far as the dress goes makes you wonder if she's wearing panties underneath. Leave it to my sick perverted mind.

Roger that. Anybody find the commercials on TV are approaching the same length as the shows timewise? Someone told me they have a way of speeding up the drama part of the show by a fraction of time that is unnoticeable to the viewer but allows them another 15 secs of ad time in a typical half hour.

Guys just look at the boobs, and when they see there's not much to see, they move on. Guys don't see the dress and, unless they are gay, certainly do not notice the shoes and purse.

because it's so true. I read the story and when I got to the part about the skirt, shoes and purse I had to look back at the picture to see what she was talking about.But the shirt? That was burned into my brain.
